# Our Company

**Wuxi Fenigal Science and Technology Co. Ltd.** is the holding company of HAFE International Limited.

HAFE International Limited is a specialized manufacturer and global exporter for Special Lighting, Inflatables and Electricals, Equipment & Tools involved.

Established in early 2008, HAFE started from a B2B business entity, which integrates manufacturing resources in a list of industrial sectors included but not limited to like lighting, inflatables, electricals, event supplies etc. Among them, lighting and inflatable business are typical of what we were mostly focused in, through not only OEM manufacturing, but also partially and gradually production shift in our own facilities and supervision.

From 2010, a new business - inflatables - attract our attention, especially those types used in various Event industries. The result of our inflatable business together with some innovative ideas sparked from latest lighting technologies and arising demands in revelant market was the generation of our totally new, unique and special inflatable event lighting and industrial lighting business.

# Galaxy™ Event

# Tube Civil

Galaxy™ tube tent,  
1)sheltering 2) housing 3) branding/communication

# Galaxy™ Event

# Tube Special

Galaxy™ military shelter,

We work with military and emergency services around the world, supplying specialized inflatable equipment to help them carry out their duties. We regularly supply navies with specialist deck and dock covers so they can operate and carry out maintenance without fear of inclement weather. Some RAF aircraft arrive at remote locations and often do not have suitable hangar facilities for maintenance. Therefore, specialist inflatable structures can often be used to facilitate maintenance or provide cover from severe weather.

**Planète™**

# **Inflatable Solar Planet**

**Our giant inflatable planet is not only an educational tool but also a work of art.**

You can scan the QR code below or  
visit <https://www.btcoops.com/> for details

Planète™

# Inflatable Solar Planet

Each inflatable model is carefully crafted to accurately represent the size, color and features of the corresponding planet, creating a stunning visual that will captivate viewers. Size can be 40cm-10m diameter, install way could be: flying in the sky, hanging or put on the ground.

They also could be either for air-filled hanging or fixed mount (ceiling/truss), helium-filled float overhead or an optional tripod stand mount (<2m).

Planète™

# Inflatable Solar Planet

Planète™

# Inflatable Solar Planet

Our inflatable models can be quickly inflated and installed, making them ideal for temporary exhibitions and indoor or outdoor events. 2 types of design: air-locked design or blower-fan continuous running.

Seminars, museums and even concert halls use our sealed inflatable planets to decorate their venues because they don't make any noise. Internal lighting: The internal lighting of the giant inflatable enhances the visual impact and creates captivating lighting from within. This goes for all inflatable planets!

Planète™

# Inflatable Solar Planet

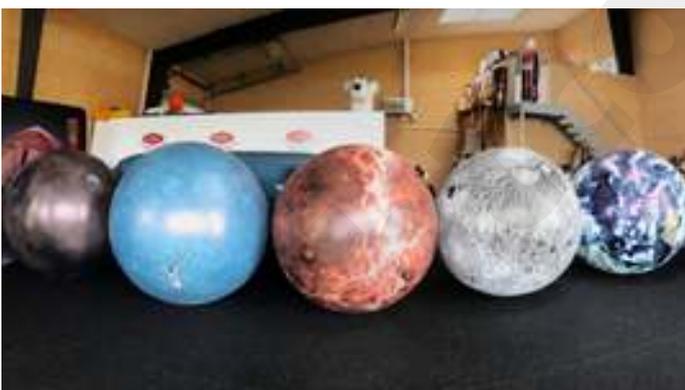

We offer a variety of giant inflatable planets, including eight planets in the solar system, as well as Pluto and other celestial bodies. Each mockup can be customized to meet the client's specific needs and preferences, such as adding logos, text or other branding elements.

Planète™

# Inflatable Solar Planet

# Exmo™ Inflatable

**Booth**

The main inflatable structure of Exhibition events station can match the main canopy color or be made in a different color.

**OKDO**

FENIGAL

# Exmo™ Inflatable

# Booth

The main inflatable structure of Exhibition events station can match the main canopy color or be made in a different color. Inflatable Photo Booth, Inflatable Cinema As an option, removable zipper doors allow the entire activity station to be completely enclosed. Doors can be made solid or clear to allow more light into the interior. Indoor Inflatable Structure - The pod is designed with a closed inflatable structure, creating a beautiful and elegant design with simple contoured rib walls. Automatically closing by simply pulling the two curved exterior walls together, the inflatable structure can completely enclose its interior area or remain open to view inside the room. With an inner diameter of just 2m, they are available in a variety of sizes and heights.

## Exmo™ Inflatable

## Booth

Small inflatable Infor bar Ideal for indoor exhibition or conference events, where privacy of small groups is required. Suitable for creating a relaxed low key interviewing or demonstration areas, they can be quickly and easily installed in a few minutes. The inflatable structure is made in lightweight rip-stop material, for lightness of carrying and comes in its own small carrier draw string carrier bag. They are a lighter weight and cheaper alternative to our Inflatable Domes and Inflatable Cubes. A range of base colours is offered, and internal lighting for soft backdrop lighting is available and works really well inside these lightweight Inflatable Structures.

An inflatable events booth is a simple but beautiful standard inflatable structure or canopy, we offer a variety of sizes from 3m to 10m in diameter. Inflatable events booth can also be made from a variety of fabric weights and grades to meet customer operational considerations such as breathability, ease of movement, etc.

# Exmo™ Inflatable

# Booth

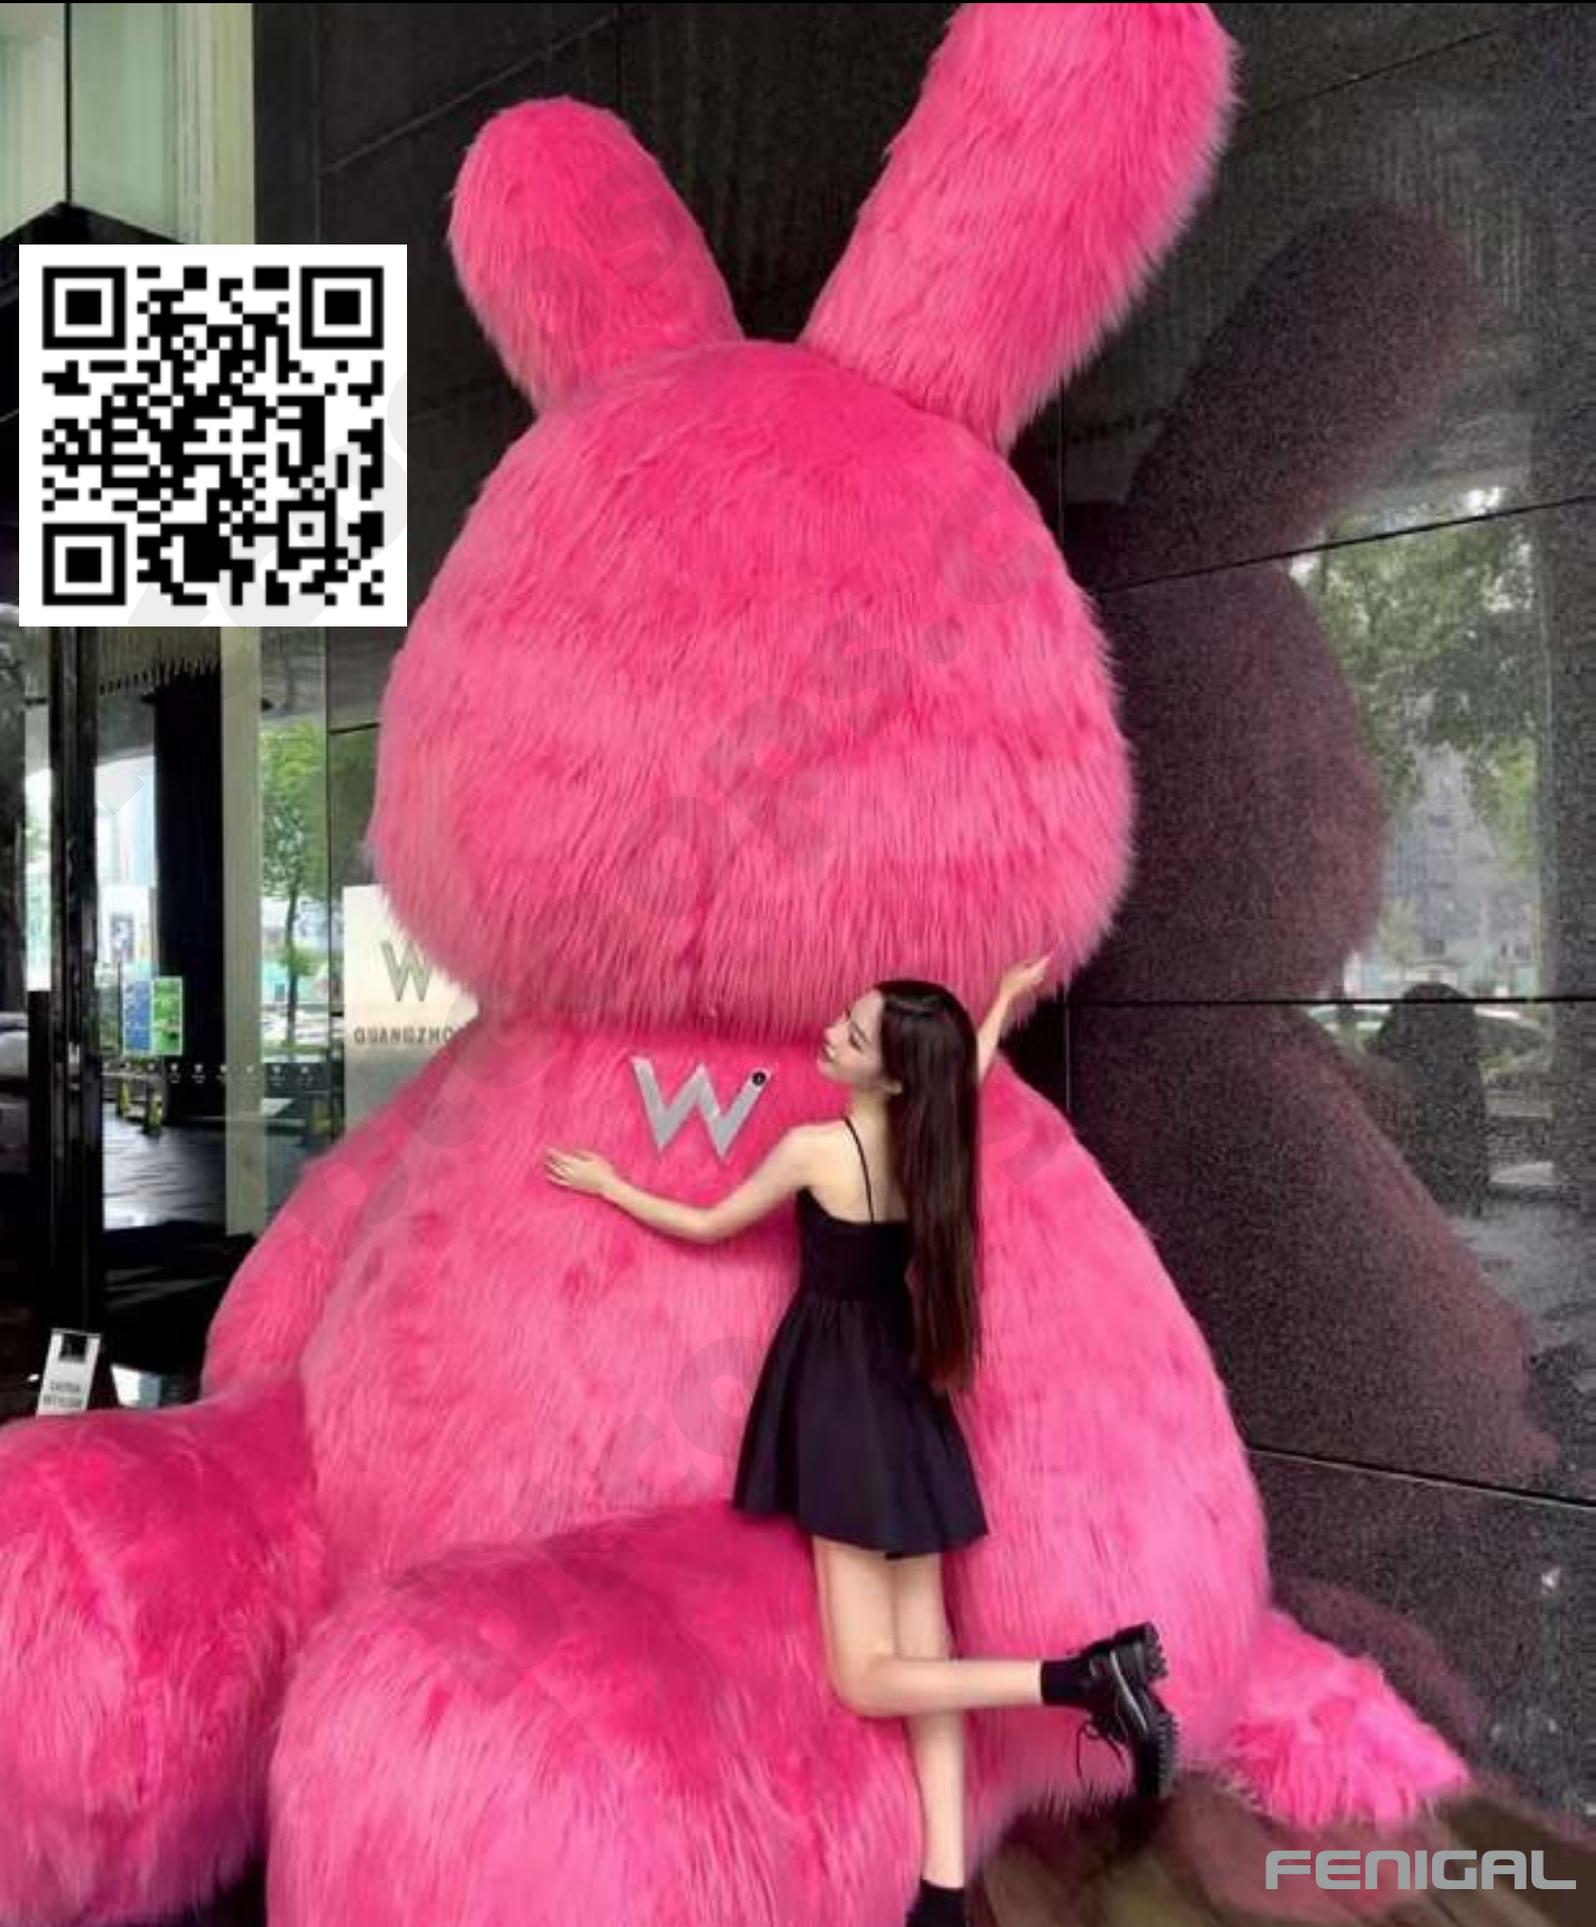

Great for indoor and outdoor use. Inflatable events booth, also known as spider tents, are made with a removable top canopy that can be printed on the full surface or with a Velcro removable banner.

# Exmo™ Inflatable

# Characters

With a giant inflatable figure, you're sure to impress your fans and viewers.

## Exmo™ Inflatable

## Characters

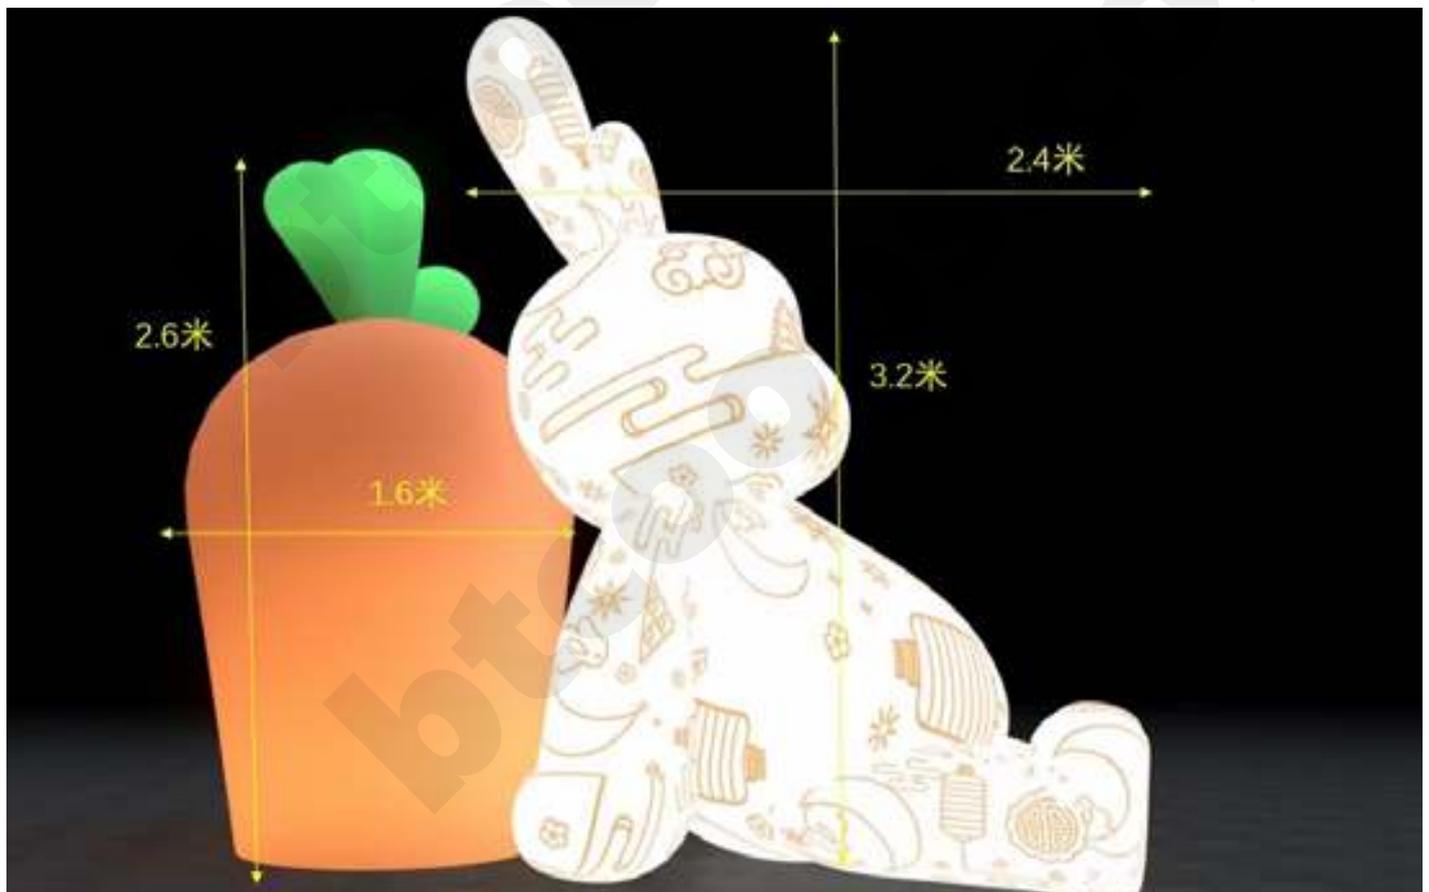

Walking cartoons in the parade, plush cartoons displayed in the windows, lighted cartoons displayed in front of shopping malls, cool cartoon pigs flying in the air, which one is your favorite?

## Exmo™ Inflatable

## Characters

Inflatable mascots are equally popular and remembered by young and old alike. Whether it's a sports club, company or brand - your advertising figure or company mascot is an unmissable attraction. Regardless of material and shape, everything technically feasible can be realized as an inflatable figure without any problems. We can create many complex shapes and designs that will intrigue anyone that looks upon them. We can make your inflatable as big and as cool as you want.

## Exmo™ Inflatable

## Characters

Implemented sizes range from 2 meters to 10 meters high. Inflatable figures are made of different materials depending on the area and purpose of use. Size also depends on intended use. Figures for indoor use are generally smaller than those designed specifically for outdoor use. But they are all sewn from strong yet soft tarpaulin and equipped with low-noise fans for quick and easy use in the field at any time.

## Exmo™ Inflatable

## Characters

Our inflatable figures can be used almost anywhere for events. and will dramatically increase your exposure wherever you set them up. We make our inflatable characters out of commercial grade materials that are guaranteed to last. On ski slopes in the mountains, on the roofs of gas stations and company buildings, in parking lots in front of department stores, in showrooms, above booths, etc.

Unproblematic inflatable mascots have one thing in common: they stand out, are well received by customers and are remembered.
