## Buoy

inflatable water buoys can be cylindrical, pyramid or cube shaped, Buoy bottles, inflatable Buoy drink cans... however we can create any inflatable shape as a custom inflatable buoy. An inflatable product could be made as a swim buoy or race marker.

# Buoy

They are made from either a light weight or heavy weight PVC for inland or open water events. High frequency welded 0.50mm-0.90mm PVC coated tarpaulin make these water based inflatables a very strong air sealed inflatable. All our water based Buoys come with sea anchors and harnesses and an electric fan inflation system for onshore inflation. Branding can be removable or direct print. Glows expertise in water based inflatables and ability to realise customers needs means that we can select an inflatable buoy or Inflatable branded race marker that is perfect for your event.

## Buoy

Inflatable Water based Buoys for sporting and advertising events. Inflatable Water Spheres (Buoys), and other shapes such as cylinders and triangles.

# Buoy

Inflatable Buoys can be produced in a range of base colours and sizes and are suitable for inshore lakes and marine settings.

## Buoy

Our Water Buoys and Inflatable Cylinders are ideal as site or distance markers in Lake or Off Shore settings, turning point markers or general demarcation of a route.
