## Our Company

**Wuxi Fenigal Science and Technology Co. Ltd.** is the holding company of HAFE International Limited.

HAFE International Limited is a specialized manufacturer and global exporter for Special Lighting, Inflatables and Electricals, Equipment & Tools involved.

Established in early 2008, HAFE started from a B2B business entity, which integrates manufacturing resources in a list of industrial sectors included but not limited to like lighting, inflatables, electricals, event supplies etc. Among them, lighting and inflatable business are typical of what we were mostly focused in, through not only OEM manufacturing, but also partially and gradually production shift in our own facilities and supervision.

From 2010, a new business - inflatables - attract our attention, especially those types used in various Event industries. The result of our inflatable business together with some innovative ideas sparked from latest lighting technologies and arising demands in revelant market was the generation of our totally new, unique and special inflatable event lighting and industrial lighting business.

## Buoy

inflatable water buoys can be cylindrical, pyramid or cube shaped, Buoy bottles, inflatable Buoy drink cans... however we can create any inflatable shape as a custom inflatable buoy. An inflatable product could be made as a swim buoy or race marker.

# Buoy

They are made from either a light weight or heavy weight PVC for inland or open water events. High frequency welded 0.50mm-0.90mm PVC coated tarpaulin make these water based inflatables a very strong air sealed inflatable. All our water based Buoys come with sea anchors and harnesses and an electric fan inflation system for onshore inflation. Branding can be removable or direct print. Glows expertise in water based inflatables and ability to realise customers needs means that we can select an inflatable buoy or Inflatable branded race marker that is perfect for your event.

## Buoy

Inflatable Water based Buoys for sporting and advertising events. Inflatable Water Spheres (Buoys), and other shapes such as cylinders and triangles.

# Buoy

Inflatable Buoys can be produced in a range of base colours and sizes and are suitable for inshore lakes and marine settings.

## Buoy

Our Water Buoys and Inflatable Cylinders are ideal as site or distance markers in Lake or Off Shore settings, turning point markers or general demarcation of a route.

# Surfboard

**FENIGAL**

## Surfboard

In stand up paddle boarding, riders stand up on the board and move through the water with a paddle. You can do all kinds of activities on a SUP, like yoga, fishing, racing, and touring. SUP offers many of the perks of kayaking, but with a much better vantage point than a kayak and much more ease of movement.

# Surfboard

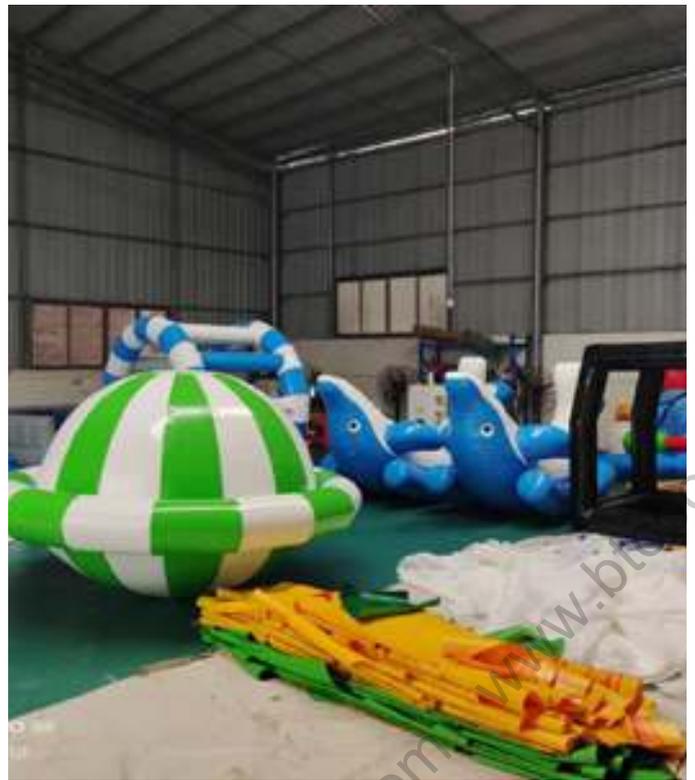

Stand up paddle boarding, also known as SUP, is a popular water sport activity that involves standing up on a board and using a paddle to make your way through the water. You'll use your arms while standing or kneeling to propel you and your board forward.

## Surfboard

Although SUP is similar to surfing and kayaking, you can use a paddle board for a myriad of activities such as surfing, adventuring, touring, fishing, yoga, racing, whitewater and more!

In stand up paddle boarding, riders stand up on the board and move through the water with a paddle. You can do all kinds of activities on a SUP, like yoga, fishing, racing, and touring. SUP offers many of the perks of kayaking, but with a much better vantage point than a kayak and much more ease of movement. You can SUP on just about any body of water.

# Surfboard

It's wildly popular, easy to learn, and incredibly accessible. While SUP's current iteration is a newer trend, paddle boarding has existed in various forms for thousands of years.
